FOR IMMEDIATE RELEASE

PARACLETE BROADENS ITS INTERNATIONAL PERSPECTIVE WITH NEW BOARD MEMBER, DANIEL ENNS

Gilbert, AZ, February 27, 2009: The Board of Directors of Paraclete Mission Group, Inc. announces the appointment of Daniel Enns as its newest board member. Daniel was born in Paraguay to a German father and a Canadian mother serving as missionaries there. He holds three passports and speaks English, German and Spanish. His current work in the satellite communications industry takes him around the globe. He and his wife, Evangeline, reside in Phoenix, AZ. They served as missionaries to Ecuador for eight years with HCJB Global. “Daniel’s experience with international business in the high tech sector, combined with his history and interest in world missions is exactly the perspective we desire in Paraclete,” said Glen Volkhardt, Paraclete CEO.

Mr. Enns is currently Senior Vice President of Strategic Marketing and Business Development for Comtech EF Data. He is considered a pioneer in IP networking via satellite. His tenure includes various executive management positions. Prior to joining Comtech EF Data, Enns was General Manager/Founder of Crown Satellite LLC, guiding product and business development on the SpectraCast® satellite communications product line. He previously held the position of engineering director for HCJB World Radio. Daniel has a BSEE from the University of Manitoba.

Paraclete Mission Group is a mission agency that assists Kingdom workers worldwide. Its mission is “to glorify God by coming alongside the global missions community to enhance kingdom effectiveness.” Paraclete is organized operationally as a professional association with 24 associates who serve as consultants in a wide variety of specialty areas.
